Demand Concession Cards for Postgraduate & International Students

  **FAIR** 
FARES!

International and postgraduate students are discriminated against in Victoria. We are denied public transport concession cards despite being students. We need to make Premier John Brumby hear our demand for this basic right of concession cards for all students!

Come to the peaceful protest rally with your fellow University of Melbourne students:

We will then march to join students from many other universities and colleges at the Rally at **State Library at 2pm.**
