

POLICY STATEMENT: BOYCOTT OF CUB PRODUCTS

20 August 2016

GSA position

GSA Council endorses the boycott of Carlton United Brewery (CUB) products in solidarity with the Electrical Trades Union and the 55 sacked CUB workers.

GSA will not use CUB products in any of its events until the dispute is settled and the 55 sacked workers return to work on favourable terms.

Rationale

One of GSA's organisational purposes is to promote the role of graduate students in building a just and fair society.

Part of that means doing our part to promote fair working conditions for all, and to support workers who are fighting for justice within their workplaces.
